

Sustainable Vineyard Tour of the Salinas Valley

Friday May 27, 2011, 2:30-pm-7:30pm

The Sustainable Wine Tour will take you to vineyards that have earned the *Sustainability in Practice (SIP)*™ Vineyard Certification designation. The SIP Vineyard Certification Program is a comprehensive and verifiable method to authenticate a vineyard’s attention to integrated farming practices—a commitment to environmental stewardship, equitable treatment of employees, and economic viability.

To attain SIP certification grape growers must farm in a way that protects both natural and human resources. This is accomplished by achieving and documenting forty requirements followed by an on-site audit from an independent inspector.

Tours of Hahn Estates Vineyards and Paraiso Vineyards will include information on the SIP certification process, vineyard operations and of course an evaluation of the fruits of their labor!

37700 Foothill Road,
Soledad CA
