Faculty and Students

Greetings

The California Conference of Directors of Environmental Health (CCDEH) and the California Conference of Local Health Officers (CCLHO) would like to take this opportunity to invite the faculty and students to join us at the S3 (Safe, Secure and Sustainable) Symposium on Food Systems and Public Health which will take place at the Monterey Marriott on May 25th through the 27th, 2011. Detailed information on the symposium can be found at californiafood.org. Be sure to check out the tabbed section for student scholarships.

CCDEH and CCLHO would encourage you to submit Abstracts to be considered for poster presentations at the S3 Symposium. If selected we will ask that you provide your project information in a poster format that will then be displayed during the symposium. There will be local and extended food industry, and sustainable contacts (statewide) that could prove beneficial to students and faculty. Do not miss out on this opportunity to showcase your project and/or research to a diverse audience.

The flyer is attached and can provide detailed information.

Please call one of the contacts below if you have any questions.

Sincerely,

Janice Jones, EHS II
S3 Symposium Abstract Committee Member
